

BATHTUBS

Bring Stylish Relaxation to Your Bathroom

Beauty for Eternity

Quaryl® is an exclusive innovation from Villeroy & Boch that sets new standards for aesthetic bath design. Quaryl® combines the best properties of natural quartz with the versatility and malleability of acrylic resin.

- Colored-through material keeps the surface looking new
- Retains high-gloss surface for many years
- High heat retention index
- Warm and pleasant to the touch

(1) Quaryl® begins with quartz crystal that's ground to a fine powder (2). From there, acrylic is added to create liquid quaryl (3). After casting, a durable solid form is achieved, offering limitless design possibilities (4)!
